

*“Building brighter futures through expectational behavioral health services especially for those with the greatest need”*

# *The need is great*

20% of Americans experience mental illness in a given year

In Missouri, over 1,100 individuals die annually from suicide

Suicide is the second leading cause of death for Missouri youth ages 10-24

More than 2 in 5 Americans (43%) who needed mental health care in the past twelve months did not receive it

*You can help people receive the mental health care they need by supporting Provident Behavioral Health, the most comprehensive mental health care provider based in Saint Louis, serving thousands of people locally and over fifty thousand people nationally*

# **But you can help**
